Under this category report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. NOTE: Libraries reporting Public Service Outlets in questions 8.1, 8.2 and 8.3 of Part 8 are required to complete this part of the Annual Report. Use this section to enter outlet information on main libraries, branches or bookmobiles. Complete one record for *each* main library, branch or bookmobile.

If you have multiple libraries, you may 1) enter the data for the Service Outlet Information section directly into the survey as usual or 2) send Baker and Taylor the data for this section to be uploaded into Collect. If you choose to send your data for uploading, you must enter the data into the spreadsheet form available in the survey by clicking here. Complete this form and email it to bibliostat@btol.com and your data will be uploaded into Collect within 24 hours. The data will be loaded in the same order in which it appears in your file, so libraries should be in the correct order on the spreadsheet.

Please share with us your suggestions for improving the Annual Report. When providing feedback, if applicable please indicate the question number each comment/suggestion refers to. Thank you!

Note: I respectfully request that the entire financial section be amended to allow libraries to have the option of reporting on a modified accrual basis. This is required by the State Comptrollers Office and our annual audit. I also believe it is a better reflection of the actual fiscal condition of a library. Converting to a cash basis is an inefficient and undue burden on our library.
