ELMIRA WATER CURE.

THIS CURE has been open nearly eight years. Its Physicians have had a large experience in the treatment of Chronic Diseases. For more than fifteen years they have given their best energies to the

Study and Practice of the Medical Profession.

During this time more than 10,000 cases have been prescribed for.

This Season, entirely New Bath Rooms have been made in the LADIES' DEPARTMENT, equal to one room sixty feet long by sixteen wide, and fitted up in good style. The increase of our business demanded better facilities, and we have spared no pains to meet the necessities and comfort of our guests.

OUR LOCATION

Has ever elicited the admiration of all our visitors and guests. It combines the bold and romantic with the more quiet and gentle phases of Nature. The city and country are at one view represented. The walks in the Ravines and Groves back of the Cure, have been greatly improved this season. There is a New Foot Bridge, spanning a deep Ravine—Paths, with nice Seats for Resting Places, embowered in deep shades for Retreats from the scorching Summer's Sun. We do not pursue the extremes of Hydropathy or of Vegetarianism. We intend the condition of the patient shall indicate the diet and regimen necessary to promote health in each case. We seek, first of all,

TO CURE OUR PATIENTS.

WATER IS OUR CHIEF REMEDY; but we do not hesitate to use Homeopathic remedies, Electricity, or any other means within our knowledge, to facilitate the recovery of the Sick. We are Eclectic in our practice—using all the means that in our judgment shall do good to any patient. Those who come to us shall have the benefit of our best skill and care.

Mrs. R. B. GLEASON, M. D.,

Gives her attention to the specific treatment of the SPECIAL DISEASES OF FEMALES. Her large experience in this department of practice—her eminent success in the cure of many who have been confined to the bed for years, entitle her to public confidence and to the large practice she has already made; having under her care all the time from thirty to sixty ladies, from various States in the Union. We invite the sick to

OUR HILLSIDE HOME,

and pledge ourselves to do them all the good that lies within our power.

TERMS:—\$8—\$9—\$10—per Week—according to size and location of room required. Each patient is expected to furnish, for Bath purposes, 2 Comforters, 1 Blanket, 2 Sheets—linen preferred—and 6 Bath Towels. But these may be rented at the Cure. Address

(now being paid), 750,000.

AMOUNT PAID TO ALL INSURED.

Mass., in 1843, is the oldest and most reliable wholly Mutual Insurance Company in the United States, and has been uniformly successful, having always made large cash returns to its policyholders. Last cash return, just declared and now being distributed, was \$2,930,000, leaving a large surplus besides.

The Company is organized for mutual protection; entirely beneficent in all its workings and its investments.

At the last annual meeting of the Commissioners, the surplus of Assets over liabilities was pronounced to be the largest of any Insurance Company in the United States. Expenses proportionately

are insured at the lowest possible rates; and if the premiums should be returned to the parties insuring.

When the return to members, the business is, as it were, closed, the surplus is made manifest at that time, and the surplus funds are distributed to the policyholders, thus guarding the assured against any possible loss from inefficiency or insolvency of guaranty as regards the future.

Provision is made for the benefit of married women, beyond the reach of their husbands' debts.

Blank checks, which will be supplied and forwarded free of expense.

Character, showing the benefits of the Mutual plan, and the advantages of this Company has to offer, supplied gratis, or forwarded
