ITHACA GENERAL DIRECTORY.

CARD.

In presenting this work to the public I would state that I have put forth every effort to make it correct and complete, and I hope it will give general satisfaction. Regarding the names of students, I have taken *great pains* to make a thorough list, but with all the time and trouble expended it is defective; and, in reference to this matter, I would respectfully suggest that every student hereafter register his residence at the University, and which could form a part and combination of the Ithaca directory. This plan will certainly remedy the matter, and it is earnestly hoped that the students will comply, for it is out of the question to get accurate information in any other way.

I thank the "Press" for support, and the public for patronage.

Very respectfully,

J. F. LENNON.
