Your Opportunity  
to become a  
**Printer-  
Operator**

**F**OUNDED by the New York State Publishers Association for "the Advancement of the Printing Trades and not for Profit," the Empire State School of Printing offers instruction in Printing, Linotype and Intertype Operation and Mechanism and Presswork.

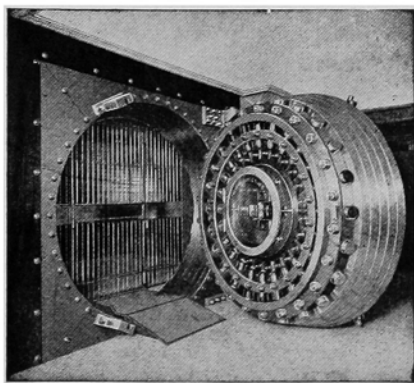

On the average a Printer earns more money in a year than any other skilled workman. The reason is that employment is constant at good wages under favorable conditions.

**Six Months Intensive, Practical Course** equivalent of two to three years apprentice training. The school has the most up-to-date equipment for instruction in Linotype and Intertype Operation and Mechanism in the country.

*Illustrated Catalog upon request*

## Ward Boundaries

**First Ward**—All that part of said city bounded on the east by a line commencing in the north line of said city in the center of the Cayuga inlet, or the center line of Cayuga inlet extended, thence running up the center of said inlet to the center of Fifth street, or Fifth street extended, southerly along the center of Fifth street to the center of Cascadilla street; east along the center of Cascadilla street to the center line of Park place; south along the center of Park place to the center line of Buffalo street; west along the center of Buffalo street to the center line of Corn street, and south along the center line of Corn street, extended to the south line of the city.

**Second Ward**—That part of said city bounded by the south line of the city, the center line of Aurora street to the center line of Buffalo street, the center line of Buffalo street to the center line of Tioga street, the center line of Tioga street to the center of State street, the center line of State street to the center of Corn street, and the center line of Corn street, extended, to the south line of the city.

**Third Ward**—That part of said city bounded by the center line of State street, the center line of Tioga street to the center of Mill street, the center line of Mill street to the center of Cayuga street, the center line of Cayuga street to the center line of Cascadilla creek, the center line of Cascadilla creek and Cascadilla creek extended as it exists between Railroad avenue and Cascadilla street, to the north line of the city; thence west along the north line of the city to the center of Cayuga inlet extended; thence southerly along the center of Cayuga inlet or center line of Cayuga inlet extended, to the center of Fifth street or Fifth street extended, the center line of Fifth street to the

center of Cascadilla street, the center line of Cascadilla street to the center of Park place, the center of Park place to the center of Buffalo street, the center line of Buffalo street to the center of Corn street, the center line of Corn street to the center of State street, the center line of State street to the center of Tioga street.

**Fourth Ward**—That part of said city bounded by the south and east lines of the city, the center line of University avenue to the center of Cascadilla creek and Linn street, the center line of Cascadilla creek to the center of Tioga street, the center line of Tioga street to the center of Buffalo street, the center line of Buffalo street to the center of Aurora street and the center line of Aurora street to the south line of the city.

**Fifth Ward**—That part of said city bounded by the east line of the city from the center of University avenue north, to the northerly line of the city as far west as the east line of North Cayuga street; thence northerly along the city line to the north line of the city; thence west to the center line of Cascadilla creek extended as it now exists between Railroad avenue and Cascadilla street; thence southerly along the center line of Cascadilla creek and the same extended to the center of North Cayuga street; thence south along the center line of Cayuga street to the center of Mill street; thence east along the center line of Mill street to the center of Tioga street; thence north along the center line of Tioga street to the center of Cascadilla creek; thence southerly and easterly along the center line of Cascadilla creek to the center of Linn street and University avenue and along the center line of University avenue to the east line of the city.

## ITHACA

In the heart of the Famous Finger Lakes country and situated on the southern end of Lake Cayuga. It is surrounded by the wonders of nature only found in this region of the Finger Lakes. Falls, gorges, glens and dells are plentiful and under Parks and Points of Interest in this Directory can be found the details of some of the most prominent of the wonders of nature. The shores of Lake Cayuga are dotted with the summer cottages of Ithacans. Topographically Ithaca is in a class by itself among the cities of the country and no pen can adequately describe the many natural wonders within the city limits.

Ithaca is the county seat of Tompkins county, has a resident and student and college population of over 24,000. With its unrivaled scenic advantages and unusual educational facilities, it is preeminently a city of homes. It is also an important industrial center having large industries making guns, aeroplanes, chains, furniture, toys, bags, shirts, adding machines, advertising signs, cement, salt, etc. With such a diversity of resources as enumerated above it is easy to believe that Ithaca never has any business slumps of any proportions. There are seven educational institutions located here.

Ithaca has adequate transportation facilities as shown by the following: Lehigh Valley Railroad direct to New York City 250 miles east and to Buffalo 144 miles west; there are also two branches of the Lehigh Valley Railroad connecting with nearby cities. The Delaware, Lackawanna & Western Railroad have a branch terminal here and through this fine system first class service is given to all points between New York and Buffalo; Central New York and Southern Railroad furnishes service to the north; bus line connections in all directions; terminal of the New York State Barge Canal System with terminal basin adjoining the railroad yards. It is the nearest port to the anthracite coal regions of Pennsylvania; through the port of Ithaca, coal can be trans-shipped by water to points thousands of miles inland. It is confidently expected that this will come to pass and thus greatly enhance the importance of the port of Ithaca. The kind of highways that New York state is famous for extend in all directions out of Ithaca making this land of cataracts, towering cliffs, ravines and gorges easy of access.

There are 150 acres of parks and playgrounds which includes Stewart park located on Cayuga Lake. At this park is located an excellent bathing beach that affords comfort to thousands in the sweltering summer weather. A tourists' camping site with conveniences is located in this park. There are also within the city limits a bird sanctuary and three picturesque gorges of Cascadilla, Six Mile, and Fall Creeks and within a few minutes ride of the city are Taughannock Falls and Gorge, Butter Milk Falls, Coy Glen, Enfield Falls and Gorge.

Ithaca has the usual advantages of most cities of three times its size. Its streets, buildings, stores, theatres, schools, etc., are up to date and keeping pace with the steady growth of the city. There are thousands of visitors annually and its air of refinement coupled with its wonderful educational facilities and solid industrial structure and its commercial supremacy for a large and prosperous region make it a very desirable place to live and do business and augurs well for a large future.

# ARCTIC WINS ITS WAY

Symbol of Purity and Perfection  
in Frozen Dainties

**Q**UALITY in ice cream is more than a matter of manufacture. It is the combination of sanitary manufacturing methods, use of quality materials and unceasing protection of the finished product. When you get a brick or a gallon of Arctic note the care with which it is sealed against contamination. No wonder Arctic is popular!
