#### PARKS, POINTS OF IN- TEREST, ETC.

**Buttermilk Creek**—Two miles  
south of the city. Entrances  
may be had at the head via  
South Aurora street and by a  
crossroad, or from the entrance  
proper at the foot, out five mile  
drive in the valley. This gorge  
is remarkably picturesque, es-  
pecially noted being Pinnacle  
Rock, the Narrow Gorge and  
the Long Cascade, 199 feet  
high.  
**Cascadilla Creek**—A gorge at the  
lower end of Cornell University  
Campus. Views may be had  
from the bridges and from Gold-  
win Smith walk.  
**Cayuga Lake**—Is one of the larg-  
est of the Finger Lakes, forty  
miles long and three miles wide.  
Has shores of rolling hills and

steep cliffs. Fed by cold springs  
and over 400 feet deep in many  
places.

**Cornell University**—East Hill  
Beautifully situated on high  
ground overlooking the city and  
Cayuga Lake.

**Coy's Glen**—Two miles south of  
the city. Three miles in length.  
Each turn of the stream opens  
new vistas of beauty. Falls,  
cascades, rapids, shallows, odd,  
rock formations, etc.

**DeWitt Park**—Cayuga, Buffalo  
and Court streets.

**Enfield Gorge**—Seven miles south  
of the city. One of the wildest  
and most picturesque in this  
vicinity. Can be explored in  
two ways. Easiest is by con-  
veyance to Enfield Falls village  
and thence down the gorge to  
the foot of Lucifer Falls, 240  
feet high, a walk of about a  
mile. This path leads through  
the narrow gorge, the "Devil's  
Kitchen," and the "Flume."  
Another entrance is from the  
state road in the valley.

**Fair Grounds**—Intersection Titus  
avenue at Clinton and Meadow  
streets.

**Fall Creek Gorge**—North of Cor-  
nell University Campus. Unusual  
and beautiful Triphammer Falls  
East avenue bridge crosses just  
below the falls. Foot of the falls  
may be reached through the  
stairways of Hydraulic Labora-  
tory building of Cornell Univer-  
sity. Stewart avenue bridge  
crosses at the opening of the  
gorge. Ithaca Falls is 156 feet  
high and is the most interesting  
within the city limits. A tunnel  
near Ithaca Falls was drilled  
through solid rock for 300 feet.

**Finger Lakes Region**—Geologists  
claim there are only four other  
sections in the world with same  
formation and natural beauty  
as the Finger Lakes of Central  
New York—these are located in  
Scotland, England, Switzerland  
and Patagonia. Seneca Lake is  
the largest and deepest, with a  
length of 38 miles and depth of  
600 feet. Cayuga Lake is sec-  
ond with a length of 40 miles  
and depth of 400 feet. Keuka  
Lake is the wildest of the group,  
the hills surrounding it drop in-  
to its depth not even pausing

to form a beach line. Owasco is the lake farthest to the east and is popular for yachting, and camps and cottages are numerous on its shores. Canandaigua Lake is the smallest with length of 15 miles. Variety is the keynote of the region and the topography most unusual. It is a land of wonderful fertility and prosperous farmers, hill locked lakes, gloomy gorges, waterfalls and wild ravines, and sylvan dells. To the lover of nature an enchanted country and a wonderland of surprises and grandeur. Railroads and very fine highways cross and recross this section, making all parts of it accessible to tourists. For camping, boating, fishing and for seekers in the labyrinths of nature it is the great coming vacation ground of the eastern United States. For further information and illustrated literature write Ithaca Board of Commerce.

**Glen Springs**—Five minutes' walk from Watkins Glen. Famous mineral springs. Three hundred feet above Seneca Lake. Valuable for drinking and bathing.

**Ithaca Gorge**—Entrance at Fall Creek from Lake street.

**Lick Brook**—Six miles south of Ithaca on the east side of valley. Somewhat difficult of access. Contains at least two falls, the sight of which is worth all the trouble it costs. The lower is the "Veiled" Falls, 60 feet high; "The Cathedral" Falls, where the stream drops more than 150 feet into an immense round amphitheatre.

**Poiint Lookout** — On Cornell Heights. Take "loop ride" trolley car. A wonderful view of Lake Cayuga and valley.

**Stewart Park** — Stewart Park formerly Renwick Park, is Ithaca's most popular playground. It is named for the late Mayor Stewart, whose efforts and financial support made the park and its activities possible. Located at the head of Lake Cayuga it is an ideal spot. A large bathing beach, picnic ground and athletic field are maintained for the amusement of the thousands of pleasure seekers who visit the park yearly.

**Taughannock Falls and Gorge**—

Ten miles north of Ithaca on west shore Lake Cayuga. Can be reached by boat on Lake Cayuga, Lehigh Valley Railroad, or by drive along the beautiful winding shore road. The gorge is several miles long and aside from the smaller falls in the upper gorge it contains the famous Bridal Veil or Taughannock Falls, 220 feet high, the highest straight fall east of the Rockies, not excepting Niagara.

**Washington Park**—At Washington, Buffalo, Park place and Court streets.

**Watkins Glen**—This is the most wonderful of the many gorges and glens in this vicinity. Twenty-five miles southwest of Ithaca at the end of Seneca Lake. One of the natural wonders of the world. Reached by state road or by train to Elmira and thence by trolley. Is now a state park.

# THE CHURCHES

WITH A TOTAL OF NINETEEN, representing all the leading denominations, Ithaca is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Ithacans of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

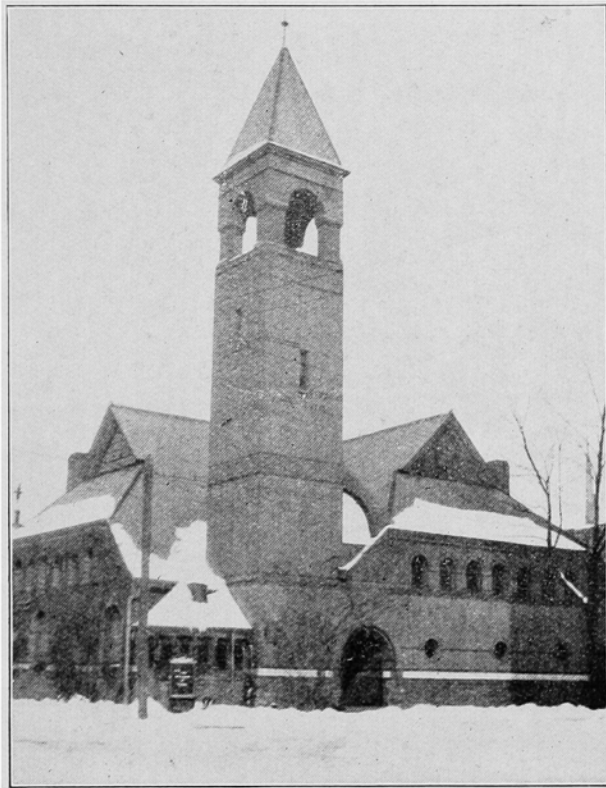

The Church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in vizualizing our future greatness let us remember their value as

## **When You Place Your Ad in the City Directory**

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.
