THE CHURCHES

WITH A TOTAL OF NINETEEN, representing all the leading denominations, Ithaca is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Ithacans of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The Church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in vizualizing our future greatness let us remember their value as

The A-B-C of Insurance

Against Business Loss Means That You Must be Listed
In the Great and Only Real Buyers Guide—The City Direc-
tory—The Publication that lists Them All.

If You are not Properly listed you are missing the op-
portunity that is presented to every business concern to be-
come a stockholder in this great enterprise on a co-operative
basis. The dividends are the service and low prices. It is
the greatest illustration of the socialistic principle of doing
business that there is in our modern society. The City
Directory is the book of the people and places every individual
in the city on the same basis. This gives the small business
the same opportunity as the large business—a truly democ-
ratic principle and a rare one today.

Give this matter your careful attention and be listed in
the Great Information Bureau of the City where it can be in-
stantly located. It is a card index system of the city with
four different ways of indexing and nothing with a name and
address exists that cannot be readily found by any person who
knows their A-B-C's.
