THINK --

Uncontrolled Fire is a Demon of Destruction

The average annual loss of life by fire for the past five years has been approximately 10,000 persons. Over 30% of this number were children. The average annual fire loss for the past ten years has been \$380,000,000.00.

Insurance can replace property loss. Loss of life can only be saved through intelligent application of Fire Preventive measures.

Affiliation with the Associated Co-operative Fire Insurance Companies of New York State enables the TOMPKINS CO-OPERATIVE FIRE INSURANCE COMPANY OF ITHACA to offer complete fire prevention and protective engineering service.

Absolute Protection
at Lowest Possible Cost
