EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your Directory registration to see that it accurately records your position in life from year to year.

Write your views to them on all important local, national, and international legislation that comes up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under evil influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgment and common sense. Guide them with good, old fashioned home-town logic and help save America from pitfalls which daily threaten our constitutional rights.
