A Free Information Bureau At Your Service

A TYPICAL FREE DIRECTORY LIBRARY

Chamber of Commerce Rooms 210 N. Aurora St.

A Metropolitan service has been established by H. A. MANNING CO., Directory Publishers. These are official City Directories and may be consulted free for single reference by the general public. Your local City Directory is also on file in Directory Libraries in other cities for free public use.

Every City must have a Directory not only give to the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel, restaurant and garage man expect that the masses of the people shall, without hesitation, ask for "a look at the City Directory."

ITHACA

Compiled by H. A. Manning Company, with the assistance of the
Ithaca Chamber of Commerce

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Ithaca's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 450 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

LOCATION—Ithaca, sometimes called in this section "Crown of Cayuga," and known far and wide as the home of Cornell University and Ithaca College, is famous for three things: its picturesque setting at the head of Cayuga Lake in the midst of the Finger Lakes Region, its culture and refined atmosphere in all activities of business and social life; its educational institutions. Located in the heart of western New York State, it is 247 miles to New York City, 404 to Boston, 675 to Chicago, 302 to Philadelphia, 37 to Elmira, 40 to Geneva, 20 to Cortland, 57 to Syracuse, 175 to Albany, 170 to Schenectady, 88 to Rochester. Area is 6 square miles.

CASCADILLA GORGE, ONE OF THREE CUTTING THROUGH THE CITY OF ITHACA

TOPOGRAPHY—Many pages could be devoted to a description of Ithaca topographically. It is doubtful if any city in America has such a remarkable formation of level land, hills, cliffs, gorges and water falls. All this variety is so blended that it is most inspiring to the visitor to pass from one spectacle to another.

View shown is one of Ithaca's beautiful falls. For a mile and a half from lake shore land is level and contains the business section of the city, railroad yards, stations, municipal airport, the heights are covered with beautiful homes, the extensive campus and buildings of Cornell University, some factories and even railroads which climb out of the city; the highlands of the city are gouged by great gorges beginning at the south with Buttermilk Falls Creek and Gorge 1

mile south; Coy's Glen 3 miles in length; Cascadilla Creek and Gorge, at south end of Cornell University Campus; Fall Creek Gorge, north of Cornell University Campus. (A more complete description of these gorges and water falls, under Parks and Points of Interest—see index.) The altitude of the main section of the city is about 400 feet, the highlands 800 feet.

HISTORICAL—Ithaca was first settled in 1789. This was ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of Gen. Sullivan, on Sept. 23, 1779. These first white settlers founded Ithaca, named by Simeon DeWitt in 1795. The Cayuga Indians, one of the six Nations, preserve the legend of the Great Spirit placing his hand upon the earth to form this region of the Finger Lakes. Organized as a village in 1821. Incorporated as a city in 1888. Ithaca celebrated in 1939 its 150th Anniversary.

ADMINISTRATION BUILDING AND LITTLE THEATRE OF ITHACA COLLEGE

POPULATION—The population of Ithaca according to the 1940 Federal Census was 19,647. In 1925 the state census gave 18,948. In 1920 it was 17,004; 1910, 14,802; 1900, 13,130; 1890, 11,072. There are about 90% native born with native stock predominating, about 3% colored. The student population of Ithaca is about 7,000 making a total population over 26,000.

BAKER LIBRARY

MERCANTILE—Ithaca is a trading center of 60,000 people and has stores that compare favorably with cities much larger. Because of the University population and a community educated to want the best, the retail establishments carry merchandise equalling in variety and quality the stocks of stores in leading eastern cities. Wholesale houses distribute over

a large territory. There are about 100 retail establishments, 15 wholesale, and about 200 professional offices. The merchants of Ithaca are noted for their service and courteous treatment, which have done much to make Ithaca popular as a trading center for those living outside of the city.

AN INDUSTRIAL BUILDING

INDUSTRIAL—Ithaca is not primarily a manufacturing city. However, there is an industrial structure that is well founded and varied in its products. In the very early days of Ithaca the spirit was industrial and that spirit has remained until the present. Among the principal products made here are: adding machines, dairyming, electric meters, guns, ice cream, lantern slides, technical mirrors, leather hand bags, paper, power drive chains, precision instruments, pottery, salt, cement, aerial survey maps, window frames, woodworking, shirts, photo engraving. Ithaca has an unusually intelligent class of workmen. Living conditions are favorable. There are numerous sites for industrial plants on railroads. For further information write Ithaca Chamber of Commerce. Educational advantages for industrial workers and their families, include a liberal policy provision for vocational education and training in the public schools. In addition to two railroad transportation lines, and various motor truck service, there is the Ithaca terminus of the New York state barge canal. Ithaca is the nearest canal port point to the coal fields of Pennsylvania. Ithaca also has daily airline passenger service to New York City.

SCHOELLKOPF FIELD

EDUCATIONAL—Ithaca is among the leading educational centers of the state. There are 10 public schools and 1 parochial school. The school enrollment is 4,600 with 194 teachers and administrative staff. Cornell University, which is one of the great universities of North America, located on America's most beautiful campus overlooking the lower parts of the city and Lake Cayuga, was founded in 1865 by Ezra Cornell. The normal enrollment is over

7,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State Colleges of Agriculture, Veterinary Medicine, and Home Economics and a Graduate School and a School of Hotel Management. It occupies about 7,000 acres of land and 155 buildings, which with their equipment are valued at about \$30,000,000, while endowment adds about \$40,000,000 more to the resources of the institutions. There are also located in the city Ithaca College, devoted to music, drama and physical education; The Cascadilla Tutoring School; The Practical Business School. There are four libraries as follows: Cornell Library is located in the heart of the business district and gives an extensive service to the public; the Cornell University Library located on the campus has over 812,000 volumes including several special collections having international fame; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H. A. Manning Co. in the Chamber of Commerce Rooms at 210 N. Aurora Street.

FALLS

PARKS, PLAYGROUNDS AND POINTS OF INTEREST—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of which is located at the lake end of the city and has recreation and athletic facilities, also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls State Park, Cascadilla Glen, Cayuga Lake, Coys Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.* (For details on this subject see page 389.)

*For more complete description see Index to contents.

FINANCIAL—There are 3 banks, with total deposits of \$40,785,378, as of Jan. 1, 1945 and one savings and loan association. The savings banks deposits are over \$9,000,000. The gross assessed valuation of the city is \$63,000,000 with an exempt value of \$23,000,000. The per capita wealth is high. Total tax rate for 1945 was \$28.96 per thousand. The city government has operated within its budget for the past 30 years, has a low bonded indebtedness, and the highest financial rating.

TRANSPORTATION—Ithaca is served by the main line of the Lehigh Valley Railroad and also by branch lines; the Ithaca and Owego Branch of the Delaware, Lackawanna and Western Railroad has a terminus here. The Ithaca Railway Inc with a modern bus service serves completely within the city limits and interurban bus lines operating from a municipal bus terminal on East Green Street connect the city with Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Auburn, Seneca Falls, Rochester, New York City, etc. Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. It is the nearest New York State port to the anthracite coal fields of Pennsylvania. The Ithaca Municipal Airport is the second oldest in the state. It has been improved and enlarged, and is now 2,000' x 3,000' in size, with a 2,800' paved runway, and a large modern hangar. It is within the city limits, and is five minutes by car from the business section, and is the local terminal for daily Ithaca-New York City passenger air transportation service. Student instruction and passenger flights are available in several planes. Ithaca is hub of network of highways such as make New York State famous. These highways carry a very heavy traffic for business and pleasure and especially in tourist season. The attractions of the scenic wonders of this region are drawing more and more tourists each year. The auto truck freight service is growing.

MISCELLANEOUS STATISTICS—Ithaca has an aldermanic form of government. There are 60 miles of streets with 30 first class paved. The water works capacity is 350,000,000 gallons with daily pump of 3,000,000 gallons. A modernized city sewage disposal plant constructed in 1939 at a cost of \$125,000, will be fully adequate for the next generation. There is a good fire department with a combination volunteer and paid system, and there are 12 engines and hose and hook and ladder trucks. The police department has 1 station and 30 men on full time only. There are 21 churches, 8 hotels with about 500 rooms. The Chamber of Commerce has surveyed the entire city rooming accommodations for conventions and has available this information for all who require it; the dining service for conventions of any size is adequate. Ithaca is a convention city. There are one public, one private and one state hospital with a total of 437 beds. Postal receipts for 1944 were \$430,000, with over eight million pieces of outgoing mail not counting parcel post.

PUBLISHERS' NOTICE

The following pages are devoted to the detailed information regarding Ithaca's Institutions, Industries, Hotels, Mercantile Establishments, Garages, Churches, Fraternal and Civic Organizations, Public Utilities, Service Organizations, Dining Places, Amusement Places, Etc., the purpose of which is to serve the interests of Ithaca whenever the Directory is consulted.

In selecting information from these pages it must be realized that the announcements are direct from the institutions, themselves, and therefore official. However, the publishers have reserved the right to reject all misleading statements as far as possible with the idea of making this Directory of the utmost service to all users. We sincerely believe that the statements of advertisers herein may be accepted without hesitation as absolutely true. Hence this department must be regarded as the real information bureau of Ithaca.

Give your business to these concerns because they are progressive and believe in making it easy to get their service. When doing so tell them you found the information, and were led to them, through the pages of this Directory. In no other way can you repay the publishers for their efforts to serve you.

The publishers, H. A. Manning Company, have established at the Ithaca Chamber of Commerce, a Library of City Directories covering all this section of the United States, and the residents of and visitors to Ithaca are invited to use them FREE OF CHARGE.

Any errors or inaccuracies found in the following pages please call to the attention of the publishers for correction in succeeding edition.

The Churches

WITH A GRAND TOTAL OF TWENTY-ONE CHURCHES representing all of the leading denominations, Ithaca could properly be called a

City of Churches

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

They are a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The Church of today is the greatest of institutions for the planting of good thoughts in the minds of the people and stands as a bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness as a city let us remember their value as

A Factor for Progress

Ithaca Lodge No. 666

Loyal Order of Moose

134 WEST STATE STREET

ITHACA LODGE No. 666, Loyal Order of Moose, offers a service to the men of this community which no man should fail to investigate. The Moose Lodge should be especially attractive to young married men with a family who have an average income. Besides the clean, attractive, well managed social rooms, sports activities, such as baseball, basketball, bowling and card tournaments with other fraternal organizations, the Moose Lodge offers sick and death benefits, and in the event of a member's death, a complete protection for his wife and children at Mooseheart, or through the Extension Fund. Dues are very low, and for the middle aged man there is offered through the Moose Legion an attractive old age independence plan.

NO man regardless of his present income, can afford not to at least find out the great advantages of being a Moose.

SPACE does not permit listing further details, but a phone call to 2621, or a post card to the Secretary will bring literature or an appointment with an officer of the Lodge, which incurs no obligation on your part. There will be no bothersome high pressure follow-up.

Manufacturing

From the period of the early 1800's until the rise of the Cornell University era of the 1870's the industrial activity of Ithaca equaled any community in New York State west of the Hudson River, with its intensity and its gambling spirit towards new ventures. The records show that around 1820 to 1830 the following products were made here: paper, woolen, cotton, flour, plaster, grist, machines and repairing, tanning of leather and hides, liquor distilling, potash, etc., so that in the "30's" there were nearly 100 industries operating in Ithaca.

In the period from the 1840's to 1870's was a day of great activity in industrial Ithaca that hasn't ever been equaled before or since. Some of the products made here at that time were: paper, iron foundry products, agricultural implements, glass, woolens, steamboats, sailboats and rowboats, hosiery, pianos, organs, passenger cars, railroad car repair shops, machine work, horse rakes, wagons, threshing machines, well drills, fruit packing, paints, pottery, rakes, cultivators, lime kilns, etc. The transfer of coal and grain shipments from rail to water transportation at Ithaca formed the basis of much industry; coal transfer from Cayuga and Susquehanna Railroad (now Lackawanna), and then other railroads that now form the Lehigh, made Ithaca an important freight center. There were four grain elevators here.

A MODERN INDUSTRIAL PLANT

After the 1870 period the industrial situation gradually changed with the time but continued active. Some of the products made were: guns, calendar clocks, salt, typewriters, wallpaper, incubators, aircraft, couplings, chains, clutches, electric clocks, adding machines, aerometers, laboratory apparatus, paper power drive chains, mechanical stokers, leather hand bags, cardboard boxes, cement, etc.

The high class of citizenship in Ithaca makes it desirable for industry and the future holds much in store for this city along development of manufacturing. Water transportation to the Atlantic seaboard is available, also into the Great Lakes. Land with both water and rail facilities is available.

Our Work Must be Good for . . .

The Tompkins Studio is the oldest established studio in Ithaca and vicinity. Our present location, 140 East State Street, has been the site of a photographic studio for over 80 years, 30 years before Ithaca became a chartered city.
