ITHACA

A locally owned and managed institution, with resources of about seven million dollars, founded in 1915 for the purpose of encouraging thrift, and to assist members to enjoy debt-free home ownership.

SAVINGS

A variety of savings plans are offered to fit the needs of EVERY member of the community. Whether you prefer to save a regular amount every month; different amounts whenever you feel like it; or invest money in larger units, Ithaca Savings and Loan Association has a plan made-to-order for you. Your savings are insured up to \$10,000 by the Federal Savings & Loan Insurance Corp.

& LOAN

Money saved by members is loaned to responsible, home loving people to help buy or build homes, to modernize and repair, and to replace old burdensome straight mortgages with modern low-cost monthly payment financing.

ASSOCIATION

The Association is mutually owned, its operation being under the guidance of a group of respected and clear-sighted local business men. Every member has a voice in its conduct, and every person using its facilities, either for savings or borrowing, is a member.

A Free Information Bureau at Your Service

A TYPICAL FREE DIRECTORY LIBRARY

Chamber of Commerce Rooms 210 N. Aurora St.

A Metropolitan service has been established by H. A. MANNING CO., Directory Publishers. These are official City Directories and may be consulted free for single reference by the general public. Your local City Directory is also on file in Directory Libraries in other cities for free public use.

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country. Someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel, restaurant and garage man expect that the masses of the people shall, without hesitation, ask for "a look at the City Directory."

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

ITHACA

Compiled by H. A. Manning Company, with the assistance of the
Ithaca Chamber of Commerce

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Ithaca's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 500 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

LOCATION—The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of beautiful Cayuga Lake, is famous for four things:

1. Its educational institutions
2. Its position as the agricultural center of the northeast United States
3. Its rugged and picturesque scenic beauty, and
4. Its many progressive small industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

Its latitude is 42° 27' north and its longitude is 76° 29' west. Located in the center of Western New York State, it is 240 miles south to New York City; Boston is 400 miles east, Albany 175 miles east, Buffalo is 150 miles west, Elmira 35 miles south, Syracuse 55 miles northeast and Rochester 88 miles northwest.

ACTIVITIES AT THE ITHACA YACHT CLUB

TOPOGRAPHY—Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three sides by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26° to an average maximum of 69°. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable position at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city is 383 feet above sea level and Cornell University campus, the highest part of the city is approximately 800 feet above sea level.

"HIGH ABOVE CAYUGA'S WATERS"

HISTORICAL—Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795 after the ancient Greek capitol of Ithaca. It was incorporated as a village in 1821, chartered as a city in 1888 and has been the county seat of Tompkins County since the county's formation in 1818. In days long gone past, Ithaca was a center of inland water transportation as well as the salt center of New York State. Ithaca celebrated in 1939 its 150th Anniversary.

TAUGHANNOCK FALLS

POPULATION—The 1951 Federal Census established the population of Ithaca as 29,257 an increase of 9,527 over 1941. This figure includes the students of Ithaca College and Cornell residing within the city limits. The permanent year around population figure is estimated as 26,245, a gain of 3,700 in 10 years. In 1925 the population was 18,948. In 1920 it was 17,004; 1910, 14,802; 1900, 13,136; 1890, 11,072.

There are about 87.4% native born white population, about 3% colored and 10% foreign born.

Ithaca has more than 7,292 homes, over half of which are owned by the occupants. There are 2,982 single dwellings and 4,310 multiple dwellings.

EAST STATE ST. LOOKING WEST

MERCANTILE—Ithaca is a trading center of some 70,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community educated to want the best, retail stores carry merchandise equal in variety and quality to stores in leading eastern cities. There are over 430 retail stores employing over 2,510 persons with annual sales in excess of \$45,650,000. There are also over 38 wholesale houses employing 298 with annual sales of \$17,374,000. About 138 service trade establishments, doing an annual business of \$2,635,000 and employing 414 persons are also located in Ithaca. There are 274 professional offices located within the city limits.

Per capita retail sales in Ithaca were 95% above the U. S. average in 1950.

INDUSTRIAL PLANT

INDUSTRIAL—Although Ithaca is not primarily an industrial city, it has eighteen industries with an employment figure in excess of 3,882, a payroll totaling \$12,679,000 and a total value of products amounting to \$29,827,000. Cornell University employs 4,450 and Ithaca College 168, while G. L. F. (Grange League Federation) has 593 employees and the New York State Electric & Gas Corporation 298.

Among the principal products manufactured here are: adding machines, shot guns, power drive chains, leather goods, rayon and cotton underwear, lantern slides, technical mirrors, precision instruments, pottery, salt, shirts, photo engraving, detergents, paper, woodworking, and dairy products.

Ithaca has an unusually intelligent class of workmen. Educational advantages for industrial workers and their families include a liberal policy provision for vocational education and training in public schools.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Industrial Development Committee, Ithaca Chamber of Commerce, will bring a prompt reply.

BOYINGTON JR. HIGH SCHOOL

EDUCATIONAL—Ithaca is among the leading educational centers of the state. There are 10 public schools and one parochial school. The school enrollment is 4,600 with 194 teachers and administrative staff. Cornell University, which is one of the great universities of North America, located on one of America's most beautiful campus overlooking the lower parts of the city and Lake Cayuga, was founded in 1865 by Ezra Cornell. The normal enrollment is about 10,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State Colleges of Agriculture, Veterinary Medicine, Industrial and Labor Relations, Home Economics, a Graduate School, a School of Hotel Management, Education, Nursing, Nutrition and Business and Public Administration. It occupies about 7,000 acres of land and 155 buildings, which with their equipment are valued at about \$35,000,000 while endowment add about \$42,000,000 more to the resources of the institutions. There are also located in the city Ithaca College, devoted to music, drama and physical education; the Cascadilla Tutoring School. There are four libraries, as follows: Cornell Library is located in the heart of the business district and gives an extensive service to the public; the Cornell University Library located on the campus has over 825,000 volumes including special collections having international fame; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Library maintained by the H. A. Manning Co. in the Chamber of Commerce Rooms at 210 North Aurora St.

FINANCIAL—Ithaca has 3 banks with total deposits of almost \$50,000,000 and one savings and loan association. These banks are well housed and progressive and have grown with the city. The per capita wealth is high. Ithaca rated third in New York State in 1950. The net taxable value of city property was \$40,033,899 in 1951. The real value of city property totals \$70,598,850. The city government has operated within its budget for the past 31 years, has a low bonded indebtedness and the highest financial rating. The tax rate stands at \$14.80 per \$1000. Postal receipts in 1950 totalled \$657,392, an unusually high figure for a city the size of Ithaca.

PARKS, PLAYGROUNDS AND POINTS OF INTEREST—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of which is located at the lake end of the city and has recreation and athletic facilities also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls State Park, Cascadilla Glen, Cayuga Lake, Coys Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.*

SCHOELLKOPF FIELD

TRANSPORTATION—Ithaca is the home base of Robinson Airlines Inc., operating from the East Hill Airport, largest of the city's two airports, providing direct air passenger, mail and cargo service to eleven New York State communities and several in New Jersey. The Ithaca Municipal Airport, only three miles from the heart of the business section, is the second oldest in the state. Ithaca is the hub of a network of highways that make travel in central western New York State a tourists dream. Ithaca is likewise served by the main line of the Lehigh

EAST HILL AIRPORT

Valley Railroad as well as branch lines and the Ithaca-Owego branch of the D. L. & W. Railroad. The Ithaca Railway Inc. operates a modern bus service serving the entire city and surrounding suburbs. The city bus terminal on South Aurora Street provides a terminus for interurban buses from Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Rochester, New York, Auburn, etc.

Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. Several hundred pleasure craft including the larger motor cruisers have Ithaca as their home port. Several large boatyards provide sheltered waters and cover for boats whose valuation approximates a quarter million dollars owned by persons from the surrounding area and cities as far away as Elmira, Binghamton, Owego and Scranton.

Daily trucking service is provided to all business in the area by numerous motor truck freight lines.

MISCELLANEOUS STATISTICS—Ithaca is the center of agricultural activity in the Northeastern United States. Here is located the offices of G. L. F. (farmers' co-operative), Farm Bureau Federation and many other organizations of great importance to rural interests. Gross income from farm products sold in Tompkins County in 1950 totalled about 8 million dollars with another 6 million grossed from the sale of livestock and livestock products. Ithaca has a very active fraternal, club and social life with almost 200 organizations listed. A sports loving community, the city has 3 golf courses, 14 parks and playgrounds, public bathing beach, municipal tennis courts, and a year-round youth recreation program with a paid director. Tens of thousands of sports lovers are annually attracted to Ithaca College and Cornell University sports events. There are 3 hospitals with 437 beds, seven theatres seating 8,152, police department with 34 policemen, fire department housed in five stations and operating ten pieces of equipment, 21 churches, 10 hotels with 576 rooms. The Chamber of Commerce has recently surveyed the entire area for rooming accommodations for conventions and other large gatherings and has lists available for those interested. There are 18,964 motor vehicles registered, 7,184 gas meters, 9,753 electric meters, 17,560 telephones. Building permits issued in 1950 totalled 210 valued at \$500,000. The water storage capacity is 350,000,000 with a daily pump of over 3,000,000. Almost 40,000 pounds of air mail moved through the Ithaca Post Office in 1951.

The Churches

WITH A GRAND TOTAL OF TWENTY-ONE CHURCHES, representing all of the leading denominations, Ithaca could properly be called a

City of Churches

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

They are a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The Church of today is the great institution for the planting of good thoughts in the minds of the people and stands as a bulwark against degrading influences that surround us.

Therefore, let us give a thought to these institutions that form so great a part of our city life, and in visualizing our future greatness as a city let us remember their value as

MASONIC TEMPLE

After having met and rented quarters for a number of years the Masons finally erected a Temple of their own at the corner of North Cayuga and East Seneca Streets. The Temple, one of the finest in this section of the State, was dedicated in October 1926. It has furnished a proper meeting place to inculcate the teachings of Masonry so that its traditions may be carried on.

The various bodies and organizations are always glad to welcome visiting Masons or their wives.

Manufacturing

From the period of the early 1800's until the rise of the Cornell University era of the 1870's the industrial activity of Ithaca equaled any community in New York State west of the Hudson River, with its intensity and its gambling spirit towards new ventures. The records show that around 1820 to 1830 the following products were made here: paper, woolens, cotton, flour, plaster, grist, machines and repairing, tanning of leather and hides, liquor distilling, potash, etc., so that in the "30's" there were nearly 100 industries operating in Ithaca.

The period from 1840 to 1870 was a day of great activity in industrial Ithaca that hasn't ever been equaled before or since. Some of the products made here at that time were: paper, iron foundry products, agricultural implements, glass, woolens, steamboats, sailboats and rowboats, hosiery, pianos, organs, passenger cars, railroad car repair shops, machine work, horse rakes, wagons, threshing machines, well drills, fruit packing, paints, pottery, rakes, cultivators, lime kilns, etc. The transfer of coal and grain shipments from rail to water transportation at Ithaca formed the basis of much industry; coal transfer from Cayuga and Susquehanna Railroad (now Lackawanna), and then other railroads that now form the Lehigh, made Ithaca an important freight center. There were four grain elevators here.

A MODERN INDUSTRIAL PLANT

After the 1870 period the industrial situation gradually changed with the time but continued active. Some of the products made were: guns, calendar clocks, salt, typewriters, wall-paper, incubators, aircraft, couplings, chains, clutches, electric clocks, adding machines, aerometers, laboratory apparatus, paper, power drive chains, mechanical stokers, leather handbags, cardboard boxes, cement, etc.

The high class of citizenship in Ithaca makes it desirable for industry and the future holds much in store for this city along development of manufacturing. Water transportation to the Atlantic seaboard is available, also into the Great Lakes. Land with both water and rail facilities is available.
