ARE CITY DIRECTORY ADS WORTHWHILE? ? ?

To answer this question, analyze the publication or advertising medium by asking these questions.

1. HAS IT A VALUE?

Any medium must have value, either in dollar return, reader interest or usefulness before it can have an advertising value.

The City Directory has a high definite value. People must have information it can give and they therefore pay a good price for it.

2. IS IT ACCESSIBLE AND WELL KNOWN?

The medium must be known to the general public and be easily accessible.

The City Directory is accessible to the public 350 days a year in most public offices, institutions, drug stores, banks, filling stations and places that use and give information. It is the recognized and universal informational service to practically every city and large town in the world.

3. DOES IT PERFORM A SERVICE?

Every medium must perform some service to warrant its existence.

The City Directory performs a most valuable service by providing, in the only complete form, an informational guide and catalogue to a city and its people.

4. WHAT IS THE LENGTH OF LIFE OF THE MEDIUM?

The longer the ACTIVE LIFE of the medium, the better it is.

The City Directory has one of the most active and long lives of any medium. It is available approximately 12 hours a day, 350 days a year and is seldom filed away or thrown out before two years.

5. WHAT IS ITS PRESTIGE?

A medium must have prestige if it has public recognition and acceptance.

The City Directory is recognized as a necessary public service and as such has very high prestige in business, professional and governmental affairs.

6. WHAT IS ITS CIRCULATION?

Not only how many people see it but how many times they see it during the ACTIVE LIFE of the medium determine its circulation rather than just the number of copies issued.

The average City Directory is used three times a day, is available 350 days a year to all and is bought and used by practically every type of business, profession and government agency. Thus 500 copies of your directory would have $500 \times 3\frac{1}{2} \times 350 = 612,500$ yearly circulation or consultations.

7. WHAT ARE ITS ADVERTISING PRICES?

Comparative points as outlined previously determine its value in advertising dollars.

The City Directory advertising prices are among the lowest in comparison with other yearly, monthly, daily or weekly mediums.

THIS IS WHY YOU WILL MAKE A GOOD INVESTMENT IN CITY DIRECTORY ADVERTISING.

AERIAL VIEW OF DOWNTOWN ITHACA LOOKING WEST

The Following Descriptive Sketch of ITHACA is compiled by the H. A. MANNING CO. OF N. Y., publishers of the Ithaca City Directory with the cooperation and assistance of the ITHACA CHAMBER OF COMMERCE.

“Know Your City”

“Good Citizenship springs from a knowledge about one’s own community”—*John Cotton Dana*

For Further Information regarding Ithaca, address Chamber of Commerce, or H. A. Manning Co. of N. Y., Publishers of this Directory.

ITHACA, N. Y.

"In the Heart of the Finger Lakes Region"

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publishers' aim to portray as much of Ithaca's charm and greatness as is consistent with facts. The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 500 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

LOCATION—The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of beautiful Cayuga Lake, is famous for four things:

1. Its educational institutions
2. Its position as the agricultural center of the northeast United States
3. Its rugged and picturesque scenic beauty, and
4. Its many progressive small industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

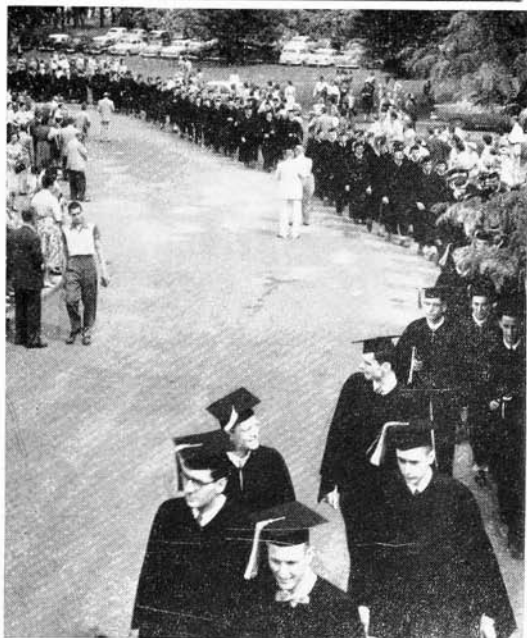

Its latitude is 42° 27' north and its longitude is 76° 29' west. Located in the center of the Southern Tier of New York State, it is 240 miles south to New York City; Boston is 400 miles east, Albany 175 miles east, Buffalo is 150 miles west, Elmira 35 miles south, Binghamton, 50 miles southeast, Syracuse 55 miles northeast and Rochester 88 miles northwest.

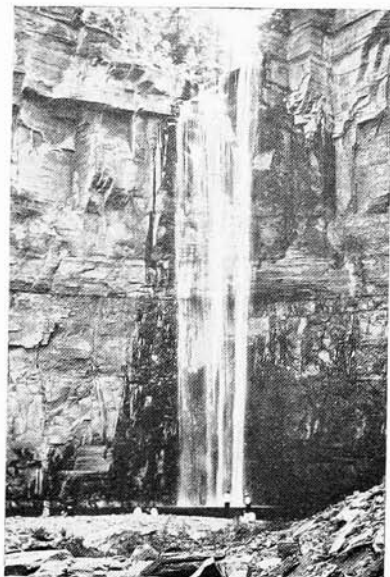

EAST STATE ST. LOOKING WEST

TOPOGRAPHY—Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three sides by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26° to an average maximum of 69°. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable position at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city is 383 feet above sea level and Cornell University Campus, the highest part of the city, is approximately 800 feet above sea level.

HISTORICAL—Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795 after the ancient Greek capitol of Ithaca. It was incorporated as a village in 1821, chartered as a city in 1888 and has been the county seat of Tompkins County since the county's formation in 1818. In days long gone past, Ithaca was a center of inland water transportation as well as the salt center of New York State. Ithaca celebrated in 1939 its 150th Anniversary.

MERCANTILE—Ithaca is a trading center of some 80,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community educated to want the best, retail stores carry merchandise equal in variety and quality to stores in leading eastern cities. There are over 450 retail stores, employing over 2,500 persons with annual sales in excess of \$60,000,000. There are also over 46 wholesale houses employing over 400 with annual sales of \$20,000,000. About 183 service trade establishments, doing an annual business of \$6,000,000 and employing over 800 persons are also located in Ithaca. There are 287 professional offices located within the city limits.

INDUSTRIAL—Although Ithaca is not primarily an industrial city, it has 48 manufacturing establishments with an employment figure in excess of 4,200; a payroll totaling over \$17,500,000 and a total value added by manufacture of \$15,967,000. Cornell University

POPULATION—Ithaca's metropolitan area 1960 is presently estimated to have a population of 40,659. This includes the City of Ithaca, 28,799; Village of Cayuga Heights, 2,788; Ithaca Township, 9,072 and the students at Cornell University and Ithaca College. As in many communities, extensive growth has been seen in the population outside the central city. Between 1900 and 1950 the city population increased from 13,150 to 19,800 or 65%. The town and village during the same period increased from 1,600 to 8,600 or 540%. The student population in 1900 was slightly less than 3,000, today there are nearly 11,500.

Ithaca's population is about 87% native born white, about 3% colored and 10% foreign born.

Ithaca in 1950 had 7,188 homes with 45.3% owner occupied.

Tompkins County in 1960 had 66,164 inhabitants. This figure includes students.

employs 5,800 and Ithaca College 175, while G. L. F. (Grange League Federation) has 500 employees and the New York State Electric & Gas Corporation 447.

Among the principal products manufactured here are; adding machines, shotguns, power drive chains, leather goods, rayon and cotton underwear, lantern slides, technical mirrors, precision machine tools, scientific instruments, pottery, salt, photo engraving, books, magazines, detergents, woodworking and dairy products.

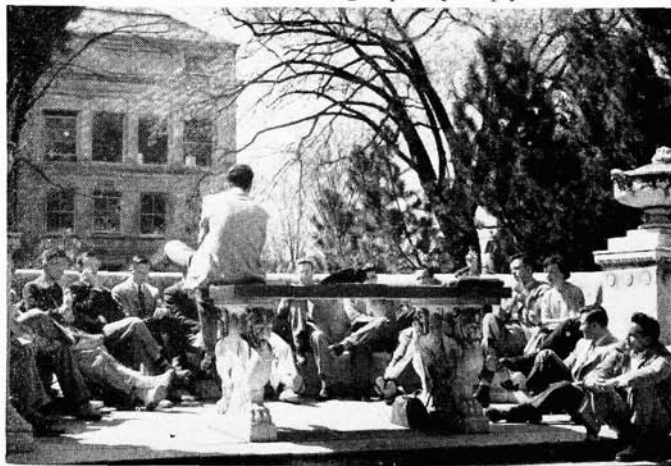

SOUTH HILL INDUSTRIAL AREA

Ithaca has an unusually intelligent class of workmen. Educational advantages for industrial workers and their families include a liberal policy provision for vocational education and training in public schools.

Ithaca has been developing also as a research center. The General Electric Company established a "center" in Ithaca several years ago and recently the Westinghouse Electric Company announced they would locate a research installation here.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Ithaca Chamber of Commerce will bring a prompt reply.

CORNELL STUDENTS AT WORK

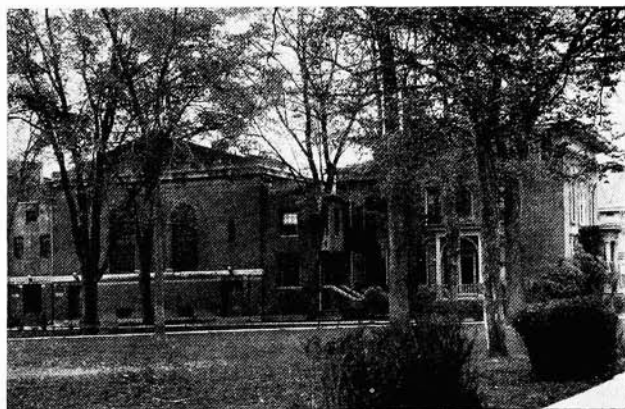

EDUCATIONAL—Ithaca is among the leading educational centers of the state. The Ithaca enlarged City School District includes 15 public schools with an enrollment of 6,800

ITHACA COLLEGE

FINANCIAL—Ithaca has 3 banks with total deposits of about \$50,000,000 and one savings and loan association. These banks are well housed and progressive and have grown with the city. The per capita wealth is high. Ithaca rated third in New York State in 1950. The net taxable value of city property was \$77,167,756 in 1957. The real value of city property

totals \$144,496,080. The city government has operated within its budget for the past 35 years, has a low bonded indebtedness and the highest financial rating. The tax rate is \$9.90 per \$1,000.

The Ithaca Municipal Airport, only three miles from the heart of the business section, is the second oldest in the state. Ithaca is the hub of a network of highways that make travel in central western New York State a tourist's dream. Ithaca is likewise served by the main line of the Lehigh Valley Railroad. The Ithaca Railway Inc., operates a modern bus service serving the entire city and surrounding suburbs. The city bus terminal on South Aurora St. provides a terminus for interurban buses from Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Rochester, New York, Auburn, etc.

"MODERN AIR TRANSPORTATION TO ITHACA"

Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. Several hundred pleasure crafts including the larger motor cruisers have Ithaca as their home port. Several large boatyards provide sheltered waters and cover for boats whose valuation approximates a quarter million dollars owned by persons from the surrounding area and cities as far away as Elmira, Binghamton, Owego and Scranton.

Daily trucking service is provided to all business in the area by numerous motor truck freight lines.

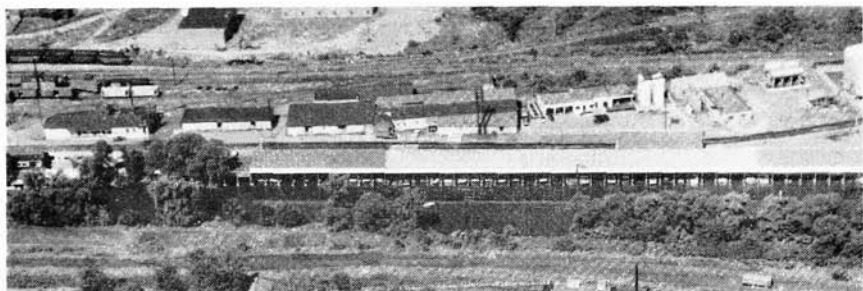

ITHACA YACHT CLUB

PARKS, PLAYGROUNDS AND BOATING—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of

which is located at the lake end of the city and has recreation and athletic facilities also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls State Park, Cascadilla Glen, Cayuga Lake, Coys Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.

Ithaca and Cayuga Lake have become the headquarters for small boating enthusiasts throughout the Southern Tier of New York State and much of north central Pennsylvania. Each year more and more boats are brought to Cayuga Lake. In 1957, it was estimated that over \$1,000,000 worth of pleasure crafts made Ithaca their "home port." In addition, hundreds of transient boats visit Ithaca each year using both the public and private launching and docking facilities.

Every City Must Have a Directory

....not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

DO YOU KNOW? ? ?

THAT every person over 18 years of age, his occupation, marital status and address is listed in the City Directory?

YOU can profit by the use of the City Directory as an efficient business and personal tool for the location and identification of your business prospects and customers?

ARE you correctly and adequately listed in the City Directory? If not, contact us for the next edition.

IN the City Directory is given the most complete guide to streets, householders and house numbers—and the **ONLY** complete list of businesses, professions, manufacturers and organizations of your city?

THE City Directory's importance to the general public is emphasized when you realize that its information, in over 60% of the names registered, is unobtainable elsewhere and in no other medium of information can it be found in full detail?

CITY history, progress and public spirit is reflected in the City Directory and the story it presents of you and your community?

DIRECTORY information is more complete, correct and convenient to all people than any other information guide to a city, its businesses and people?

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain, to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
