## Ithaca Numerical Street Guide

## Householder, Telephone & Property Owner List 1966

COPYRIGHT 1966, by H. A. MANNING CO. of N. Y., INC.

CONTAINING A FULL LIST OF STREETS AND ROADS  
WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS  
AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicates houses on left or right side of street. (Tr) after name indicates trailer. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol  $\Delta$  denotes householders and places of business reporting telephones. The symbol  $\odot$  following householders name indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. Indexing by letter and number at end of street description refers to map number location, if map included.

# Being old-fashioned, we often do things that are a little extraordinary.

In this day and age, for example, it is considered "old-fashioned" to buy and maintain complete stocks of all kinds of drugs, pharmaceuticals and sundries, whether or not they are "hot numbers." The modern way, we've been not-too-delicately reminded on many occasions, is to carry just the items that are constantly in demand. But somehow we just can't bring ourselves to say, "Sorry..." to customers, sick or well. It's nicer to be able to say, "Sure! We have it!" So we stock everything you'd expect an old-fashioned drugstore to have--and a lot of things that might surprise you. Like a complete line of drugs and remedies for dogs and cats and even farm animals. And surgical belts and trusses; and support hosiery. An extraordinary number of little-known or little-used medicines. A truly complete line of sickroom supplies, of every sort.

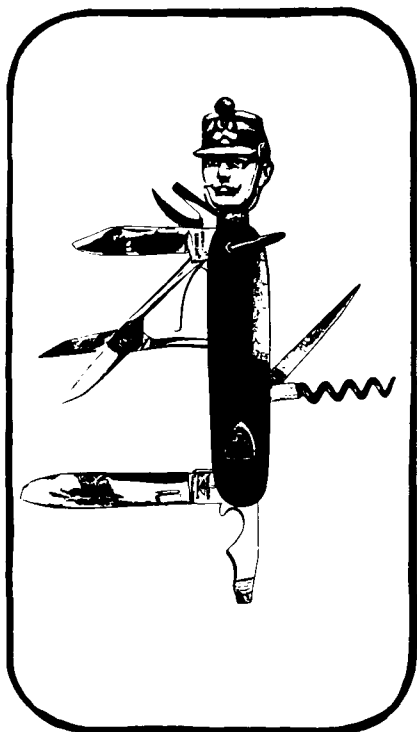

What's more, we have DrugTax service to keep track of your tax-deductible expenses--free. And free delivery. A 24-hours-a-day emergency answering service to assure the prompt filling of prescriptions when the doctor says you must have them. And the extraordinary convenience of a charge account, at no extra cost.

That's why so many of your neighbors have enjoyed doing business with us for years. We'd be pleased to serve you, on the same terms! One of our drugstores is probably very close to your home or office. And you are never really any farther away than the telephone. Call on us!

## Put your **FAITH** to work every day

There really never was a time when "once-a-week" religion was enough.

But today, in our swiftly moving world, the need is greater than ever to put your Faith to work—*all the time*.

Think of today's daunting headlines. Then think of the many ways the world can be made better.

"But I'm only one person," you say.

Yes, But your church or synagogue can become, *with your help*, a rallying point for change. By joining others who live their Faith, you are no longer alone in your beliefs.

Worship this week—and put your Faith to work all week long.

## You will. Will he?

Maybe you obey stop signs and signals. Some drivers don't. So never assume the right-of-way blindly. Protect yourself by driving defensively.

If someone follows you too close, don't speed up. Slow down a little and encourage him to pass. Remember, being in the right isn't enough. You could be dead right.

## She can't come to you for the truth, but you can reach her.

The truth can become a very precious thing to a young mind in a closed country:  
"Dear Friends,

I began listening to your broadcasts when I was a small child.

Today I am 22.

And for most of what I know about the world, I have to thank Radio Free Europe."

The young woman who wrote that letter lived in Communist-ruled Czechoslovakia.

Ten years ago, she thought the world ended with that ugly barbed wire fence.

Today she knows different. And what's more important, she knows who built it.

There are 82 million people like her living within the Iron Curtain countries of Czechoslovakia, Rumania, Bulgaria, Poland and Hungary. And more of them listen to Radio Free Europe than ever before.

The news, not only of their own country, but of the outside world, is broadcast without bias or distortion and in their own language.

Radio Free Europe is on the air up to

19 hours every day.

The Communist monopoly of information in Eastern Europe has been broken.

The truth is getting through, helping millions work toward their freedom.

And with that as a goal, a great many people have a great many more reasons to go on living.

The Iron Curtain isn't soundproof.

# Every City Must Have a Directory

---

---

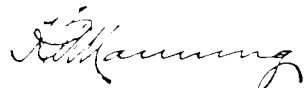

...not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The City Directory's Importance to the General Public Is Emphasized When You Realize That Its Information in Over 60% of the Names Registered Is Unobtainable Elsewhere and in No Other Medium Can It Be Found in Full Detail.
