**CONTAINING A FULL LIST OF STREETS AND ROADS
WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS
AND THE DWELLINGS AND STORES LOCATED THEREON.**

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicates houses on left or right side of street. (Tr) after name indicates trailer. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol Δ denotes householders and places of business reporting telephones, where no phone numbers were obtainable. The phone numbers listed after the occupant's name are those given to our enumerators as applying to the address. We advise users to verify the phone number by referring to a regular and recent edition of the phone book as issued by the telephone company.

The publishers cannot assume any responsibility if unlisted phone numbers are given us at the phone address and listed herein. The symbol \odot indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. ZIP CODE 14850.

Every City Must Have a Directory

...not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

Being old-fashioned, we often do things that are a little extraordinary.

In this day and age, for example, it is considered "old-fashioned" to buy and maintain complete stocks of all kinds of drugs, pharmaceuticals and sundries, whether or not they are "hot numbers." The modern way, we've been not-too-delicately reminded on many occasions, is to carry just the items that are constantly in demand. But somehow we just can't bring ourselves to say, "Sorry..." to customers, sick or well. It's nicer to be able to say, "Sure! We have it!" So we stock everything you'd expect an old-fashioned drugstore to have--and a lot of things that might surprise you. Like a complete line of drugs and remedies for dogs and cats and even farm animals. And surgical belts and trusses; and support hosiery. An extraordinary number of little-known or little-used medicines. A truly complete line of sickroom supplies, of every sort.

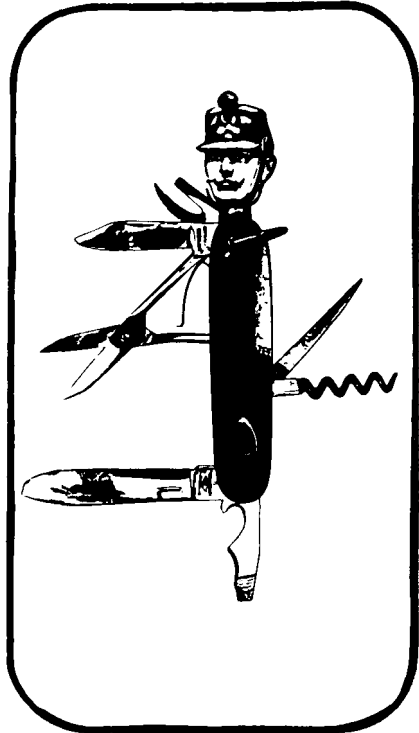

What's more, we have DrugTax service to keep track of your tax-deductible expenses--free. And free delivery. A 24-hours-a-day emergency answering service to assure the prompt filling of prescriptions when the doctor says you must have them. And the extraordinary convenience of a charge account, at no extra cost.

That's why so many of your neighbors have enjoyed doing business with us for years. We'd be pleased to serve you, on the same terms! One of our drugstores is probably very close to your home or office. And you are never really any farther away than the telephone. Call on us!

BROOKS (four) pharmacies

Every City Must Have a Directory

. . . .not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The City Directory's Importance to the General Public Is Emphasized When You Realize That Its Information in Over 60% of the Names Registered Is Unobtainable Elsewhere and in No Other Medium Can It Be Found in Full Detail.
