TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT
There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

Yes, there is a fairgrounds.

This is its symbol.

And this is what it means:

It means that now—right now—in Ithaca, a fresh and exciting way of shopping is growing for you at ♣ *the fairgrounds*.

This symbol means that quality and value and adventure await you at a shopping center so carefully planned, so complete in its devotion to your needs and your comfort, that you have never imagined it, even in your fondest dreams.

At ♣ *the fairgrounds*, large stores and small shops—each recognized for its concern for customers, for giving quality and choice and value, for courtesy, completeness and integrity—will exhibit and sell their goods and services in an environment designed to delight the senses.

You and your family will stroll to these fine stores down an enclosed mall in which every day is Springtime. Temperature, humidity, light and sound are absolutely controlled to assure your comfort. And when you drive downtown to shop at ♣ *the fairgrounds*, your parking space will always be within just a few steps of an entrance to The Springtime Mall.

♣ *the fairgrounds* means you matter . . . that now there's someone who cares enough to plan for your comfort, convenience and satisfaction.

♣ *the fairgrounds* means that shopping is going to be fun again.

"What's in a name? That which we call a rose
by any other name would smell as sweet." — Shakespeare
