# INTRODUCTION & GENERAL INDEX

**H. A. MANNING CO.**, publishers of Directories for over 300 Communities, present to subscribers and the general public, the latest edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The position occupied by **MANNING'S** Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

## FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

**I. THE DESCRIPTIVE SECTION** is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys, deluxe advertising displays, and indexes.

**II. THE YELLOW PAGES** constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious.

**III. THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

**IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the indication of telephone subscribers at homes and places of business, and the phone number if available.

**V. THE NUMERICAL TELEPHONE LOCATER**, on green paper, is the fifth major department. All listed phones for the area are arranged by exchanges and under each exchange, when available, in numerical order with the name of the phone holder indicated. The NTL is issued as a separate booklet this edition.

**COMMUNITY PUBLICITY** — The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

**PUBLISHERS' NOTE** — The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

## TOMPKINS COUNTY

Compiled by H. A. Manning Co. for the Ithaca City Directory with the assistance of the Tompkins County Chamber of Commerce.

**LOCATION** The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of Beautiful Cayuga Lake, is famous for its educational institutions, its position as an agricultural center of the northeast United States, its rugged and picturesque scenic beauty, and its many progressive industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

Its latitude is 42 degrees 27 minutes north and its longitude is 76 degrees 29 minutes west. Located in the center of the Southern Tier of New York State, it is 240 miles southeast of New York City; Boston is 350 miles east, Albany 175 miles east, Buffalo is 150 miles northwest, Elmira 35 miles southwest, Binghamton 50 miles southeast, Syracuse 55 miles northeast and Rochester 88 miles northwest.

**TOPOGRAPHY** Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three side by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26 degrees to an average maximum of 69 degrees. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable position at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city, is 383 feet above sea level and Cornell University Campus, the highest part of the city, is approximately 800 feet above sea level.

**HISTORICAL** Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795 after the ancient Greek capitol of Ithaca. It was incorporated as a village in 1821, chartered as a city in 1888 and has been the count seat of Tompkins County since the county's formation in 1817. In days long gone past, Ithaca was a center of inland water transportation as well as the salt center of New York State.

**POPULATION** Ithaca's metropolitan area, has a population, according to the 1975 census of 52,061. This includes the City of Ithaca, Village of Cayuga Heights, Ithaca Township, and the students of Cornell University and Ithaca College. As in many communities, extensive growth has been seen in the population outside the central city. Between 1900 and 1970 the city population increased from 13,150 to 26,226 or 100%. The town and village during the same period increased from 1,600 to 18,750 or 1.170%. The student population in 1900 was slightly less than 3,000, today there are nearly 20,000.

Ithaca's 1970 population (26,226) is about 87% native born white, about 5% black and 8% foreign born.

Tompkins County, according to the 1970 federal census, had 77,100 inhabitants. This figure includes students.

**MERCANTILE** Ithaca is a trading center of some 100,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community educated to want the best, retail stores carry merchandise equal in variety and quality to stores in leading eastern cities. In Tompkins County there are over 600 retail stores, employing over 4,000 persons with annual sales in excess of \$133,000,000. There are also over 57 wholesale houses with annual sales of over \$33,500,000. About 480 service trade establishments are also located in Tompkins County. There are about 300 professional offices located within the city limits. There are six shopping centers.

**INDUSTRIAL** - Although Ithaca is not primarily an industrial city, it has 62 manufacturing establishments with an employment figure in excess of 5,500 a payroll totaling over \$42,900,000. Cornell University employs 7,000 and Ithaca College over 920, and the New York State Electric & Gas Corporation 600.

Among the principal products manufactured here are: data processing equipment shot-guns, research instruments, heat resistant materials, power drive chains,

technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, woodworking, and dairy products.

The Cornell University Industry Research Park, located near the airport serves several large concerns which enjoy a virtual partnership with the union in promoting many kinds of research.

THERM INC., ITHACA N.Y

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion with the Ithaca trading area. Inquiries addressed to the Tompkins County Chamber of Commerce, 122 West Court St., Ithaca, will bring a prompt reply.

Part of the new SOUTH HILL CAMPUS OF ITHACA COLLEGE.

**EDUCATIONAL** - Ithaca is among the leading educational centers of the state. The Ithaca enlarged City School District includes 17 public schools with an enrollment of over 7,400 and a staff of 450 teachers and administrators. The District covers 160 square miles. There are 3 junior high schools, including a "New Program" Jr. H.S. and one of the most modern high schools in the state. There is one parochial school in Ithaca providing classes from Kindergarten through eighth grade. The Cayuga-Tompkins Tioga Board of Cooperative Educational Services is also located in the Ithaca area on Warren Road.

Tompkins Cortland Community College, one of the fastest growing colleges in the nation, is located on a new hillside along route 13 in Dryden. Sponsored jointly by Tompkins and Cortland counties, the College was founded in 1967. TC3, as it is known locally, grants associate degrees in a wide range of career-oriented and liberal arts programs. More than 3,000 students are enrolled part-time and full-time, day and night. Tompkins Cortland Community College is fully accredited. TC3 also serves as a community center for residents of the area.

**TOMPKINS CORTLAND COMMUNITY COLLEGE**

**ITHACA SENIOR HIGH SCHOOL**

Cornell University, which is one of the great universities of North America, located on one of America's most beautiful campuses overlooking the lower parts of the city on Lake Cayuga, was founded in 1865 by Ezra Cornell. The normal enrollment is about 16,000 students. The University includes colleges of Arts and Sciences, Medicine, Law, Engineering, Architecture; the State College of Agriculture and Life

Sciences, the State Veterinary College, the State College of Human Ecology, the State School of Industrial and Labor Relations, a Graduate School, a School of Hotel Management, Education, Nursing, Nutrition and Business and Public Administration. It occupies about 7,000 acres of land and some 300 buildings.

Ithaca College's contemporary campus on South Hill overlooks the city of Ithaca and Cayuga Lake, and affords a splendid view of the rolling hills around Ithaca. Founded as a Conservatory of Music in 1892, the College outgrew its DeWitt Park environment downtown and built a new campus in the 1960's. The College now includes the Schools of Music; Humanities and Sciences; Health, Physical Education and Recreation; Communications; Allied Health Professions and Business Administration, as well as a Center for Individual and Interdisciplinary Studies, and The Division of Graduate Studies and Continuing Education. Ithaca College is now the largest private residential college in New York State, with an undergraduate enrollment of over 4000 and a graduate enrollment of over 100.

**LIBRARIES** There are five libraries, as follows: Tompkins County Public Library is located in the heart of the business district and gives an extensive service to the public, the Cornell University Library located on the campus has over 825,000 volumes including special collections having international fame; the Ithaca College Library; the Free Directory Library maintained by the H. A. Manning Co. is at the Tompkins County Public Library, 310 North Cauga St. Also at Cornell University are the specialized libraries of Agriculture, Industrial and Labor Relations, Engineering and Law, and Fine Arts. A five million dollar Research Library is located at Cornell.

**FINANCIAL** Ithaca has two commercial banks: one Savings bank and one savings and loan association. These banks are well housed and progressive and have grown with the city. The per capita wealth is high. The net taxable value of city property was \$103,374,575 in 1974. The city government has operated within its budget for the past 40 years, has a low bonded indebtedness and the highest financial rating. The State equalization rate is 65.

**TRANSPORTATION** Ithaca is served by Allegheny Airlines, which operates from the Tompkins County Airport, with jet flights to N.Y.C., Washington, Pittsburgh and Chicago. providing direct air passenger, mail and cargo service to 23 New York State communities, 6 in Massachusetts, as well as to New Jersey, New Hampshire and Detroit, Michigan. Ithaca is the hub of a network of highways that make travel to central New York State a tourist's dream. The city operates the Community Transit System serving the entire city and surrounding suburbs. Ithaca is served by the Greyhound Bus Line and provides a terminus for interurban buses from Elmira, Watkins Glen, Binghamton, Owego, Cortland, Syracuse, Rochester, New York City, etc.

Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. Several hundred pleasure craft including large motor cruises have Ithaca as their home port. Several large boatyards provide sheltered waters and cover for boats whose valuation approximates a million dollars owned by persons from the surrounding area and cities as far away as Elmira, Binghamton, Owego and Scranton. A new City Park and a State Marine Park provide recreation and boating marina with space for 350 boats.

Daily trucking service is provided to all business in the area by numerous motor truck freight lines.

**PARKS, PLAYGROUNDS AND BOATING** The natural topography of the land here makes the city a natural park. There are three public parks within the city with recreation and athletic facilities. The Cornell Campus is extensive and sup-

plies a very beautiful parklike effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls State Park, Cascadilla Glen, Cayuga Lake, Coy Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park.

The City and State are currently redeveloping the former Municipal Airport and Marina into a 177 acre regional recreation facility with a 400-boat marina, olympic swimming pool and covered ice rink. A repertory theatre for the arts is also underway on this site. Opportunities for fishing, hunting, hiking, boating and other outdoor recreation abound the area.

#### ITHACA YACHT CLUB

Ithaca and Cayuga Lake have become the headquarters for small boating enthusiasts throughout the Southern Tier of New York State and much of north central Pennsylvania. Each year more and more boats are brought to Cayuga Lake. It is estimated that over \$1,000,000 worth of pleasure craft have made Ithaca their "home port." In addition hundreds of transient boats visit Ithaca each year using both the public and private launching and docking facilities.

Detailed information on recreation in the Ithaca area can be secured from the Tompkins County Chamber of Commerce.

#### IVY LEAGUE COLLEGE FOOTBALL

**SPORTING EVENTS** - A wealth of both spectator and participation sporting events may be found in the Ithaca area. There are four golf courses, including a municipal course, bowling, boating, swimming, tennis, archery, and many other sports facilities are available. Lynah Ice Rink at Cornell University is open to the public for skating. Football, ice hockey, crew, baseball, soccer, lacrosse, basketball, and polo are only a few of the many sporting events taking place in Ithaca throughout the year. Most of the recreational facilities and sporting events at Ithaca College and Cornell University are open to the public.

**AGRICULTURAL CENTER** Ithaca is often referred to as one of the agricultural centers of the northeastern United States. Here are located the state owned College of Agriculture, with its far reaching extension service; the state School of Veterinary Medicine; the home of both the Eastern Artificial Insemination Co-op. Inc and the Empire Livestock Marketing Coop, Inc.; a United States Plant, Soil and Nutrition Laboratory; and branches of many organizations serving the farmer. The Tompkins County Agricultural and Horticultural Society Inc is responsible for the Tompkins County Fair that is held during August of each year.

Gross income from farm products sold in Tompkins County was estimated to be over \$15,900,000. The major cash products of Tompkins County farms include milk, chicks, poultry and eggs, livestock of all types, hay, corn, wheat, vegetable crops and field beans.

**SPECIAL EVENTS AND INTERESTING FACTS** - Ithaca has very active fraternal, club and social life with over 400 civic, social and service organizations listed. There is one hospital of over 200 beds, 2 nursing homes and 3 family health centers, 3 commercial movie theatres with a capacity of over 3,000, ten auditoriums with a capacity of 7,000, 28 churches covering nearly every major denomination and 18 motels, plus tourist homes. Listings of accommodations are available at the Chamber of Commerce.

There are over 3,092 passenger cars registered and 25,948 electric meters, 10,263 gas meters, and 23,092 telephones in use. The city's water storage capacity (not connected with Lake Cayuga) is 280,000,000 gal. with a daily pump of over 5,000,000.

Ithaca is served by five local radio stations, WHCU-AM/FM, WTKO-AM, WVBR-FM, WEIV-FM, WICB-AM/FM, two local TV stations, WCIC-TV & WICB-TV plus a 12 channel commercial cable and two local daily newspapers, The Ithaca Journal and The Cornell Daily Sun, and four weekly papers.

(Yellow Pages)

**Complete Classified  
Directory Following  
These Advertisements**

A classified directory providing detailed information on the city's institutions, civic organizations, businesses, professions and manufacturers served by this directory.

The advertisements in these "yellow pages" are grouped together and classified alphabetically under appropriate headings.

Each advertisement is cross-referenced in the directory's alphabetical section as well as in the list of advertisers.

The following businesses and organizations believe in the City Directory as a vital community and personal information bureau and image. When calling upon them for their service or product, mention that you saw their display in a City Directory.

GERALD "PETE" WELLS

**Business and Personal Insurance**

412 FIRST NATIONAL BANK BLDG.

272-3752

Some people are so busy working for their future they never have time to plan for it.

If you average \$20,000 a year over 45 years, some \$900,000 will pass through your hands. And, if you're like all too many people, very little of that money will stay with you.

One reason for this is the all too human tendency to worry far more about meeting today's expenses than tomorrow's.

Until you wake up one morning and discover that the future you never planned for is upon you.

We at Connecticut Mutual can help. We believe that people who work hard for the better things in life deserve every chance to enjoy them. That's why we've developed many plans to help you guarantee your financial future. And to give you more security in the present, as well.

We know life insurance isn't the only way to do this. But it's one way, and one of the best.

*Call for more information.*

*That way, you'll have a better chance to enjoy the kind of future you're already working for.*

The only security you have in life is the security you create for yourself.

# INDUSTRIAL ITHACA

**INDUSTRIAL** Although Ithaca is not primarily an industrial city, it has 62 manufacturing establishments with an employment figure in excess of 5,500; a payroll totaling over \$62,000,000. Cornell University employs 7,000 and Ithaca College 925, and the New York Electric & Gas Corporation 600.

Among the principal products manufactured here are: computer terminals, shotguns, research instruments, heat resistant materials, power drive components, technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazine, woodworking and dairy products.

The Cornell University Industry Research Park located near the Airport serves several large concerns, which enjoy a virtual partnership between the Union & Industry in promoting many kinds of research.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Tompkins County Chamber of Commerce, 122 West Court St., Ithaca will bring a prompt reply.

# Career Opportunities at **MORSE**

Career bound students can look forward to advancement as MORSE continues to expand operations. A recent graduate has the opportunity to continually upgrade his skills and compensation. The MORSE plantwide job bidding system enables an employee to be considered for advanced jobs. Apprentice Programs provide qualified graduates with training for skilled trades and journeymen jobs. MORSE personnel with leadership qualities may assume management positions.

Qualified students going on to college and universities can look forward to a career with a

growth company. University graduates start their careers in MORSE Sales, Production Management, Engineering and Finance Training Programs. For more about MORSE contact the Industrial Relations Office, South Aurora Street, Ithaca, New York.

**MORSE**

**AN EQUAL OPPORTUNITY EMPLOYER**

**MANUFACTURING** — THERM provides design and machining services with emphasis on high temperature, high strength and corrosion resistant materials. This includes such areas as Gas Turbine Airfoil Blading, Rocket Engine Impellers and specialized customer equipment.

**RESEARCH** — THERM provides analytical and theoretical studies in fluid mechanics on a contractual basis with both industry and government.

**Lack of advertising...  
beneficial to some!**

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.
