TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

Information received too late to be included alphabetically will be found on the last page of the alphabetical section.

When "res inq (residence inquire)" appears in a personal listing, it indicates — for home address inquire at business address as listed, due to personal request or incomplete information.

Householders' phone numbers appear in this section. (H) Indicates Homeowner.

Cayuga Heights, Ithaca Town and other areas are indicated after the street name in the pink pages.

For Local Abbreviations see preceding page.
